Providing Extramural Funding for VA Research

<https://www.nffre-research.org>

## Grant Announcements – American Heart Association

- **[Collaborative Sciences Award](#)**: For collaborators from at least two widely disparate disciplines. **Pre-proposal submitted electronically due by Oct. 4.**
- **[Established Investigator Award](#)**: For established investigators with a record of accomplishment in cardiovascular or cerebrovascular science. Proposals should challenge existing paradigms and employ novel concepts, approaches or technologies. **Pre-proposal submitted electronically due by Oct. 5.**

Also, at the [NFFRE Grant-Funded Research](#) web page, there are links to announcements and info for numerous grant agencies, from the AHA to the NIH. If you have suggestions of links to add, send them to [VHANFLNFFRENEWS@va.gov](mailto:VHANFLNFFRENEWS@va.gov).

## NEW!: Online Participant Recruitment

As just announced by the new ACOS for Research, Dr. David Clark, there is now a web page being hosted by NFFRE for posting online ads for recruiting subjects:

### [VA Research: Open Studies Seeking Participants](#)

The request form (included with this email) is also available from either the [VA Intramural Research Service Resources](#) web page under Recruiting Research Subjects **or** the [Extramural NFFRE Policies and Forms](#) web page under Forms.
